## DEVELOPMENT & NON-GOVERNMENTAL ORGANIZATIONS IN MALAWI

Explore Non-Governmental Organizations (NGOs) by participating in an internship while immersing yourself in the friendly and fascinating Malawian culture.

This program offers a unique, exciting, and life-transforming opportunity for serious students to receive academic credit while participating in an immersive, 7-week internship with a non-governmental organization (NGO) in Malawi, a small vibrant country with warm welcoming people in southeast Africa.

Students participate in an exciting field excursion and orientation during the first week in-country, followed by six weeks in a full-time internship with an NGO that match each student's interests.
